**THERE ARE
NO LIMITS
TO WHAT
OUR TEAM
CAN DO**

INTRODUCTION

Our goal at TGS Precision is to offer valuable manufacturing and design services for our customers. We meet with each customer individually to understand your unique business needs so we can offer individualized design solutions. Once we have completed your design, we use our advanced machinery and talented team to manufacture the product you desire - there are no limits to what our team can do. Our extended capacity throughout our new facility enables us to have the ability to produce and handle projects of any size at full scale production.

TGS Precision is a full-service CNC manufacturing, engineering, and fabrication facility focused on maximizing the utility of our customers by analyzing cost-saving metrics and improving the functionality of our client's products. We continuously upgrade our comprehensive equipment lineup to better serve our customer's needs and are always enhancing our manufacturing. Our robust knowledge across multiple industries offers value at numerous points for all our customers.

We proudly design and engineer for the best in the world. Our new state of the art facility expands on our client's capabilities by offering design, engineering, manufacturing, and fabrication. We emphasize the importance of working with each client individually to ensure that our teams fully understand their work to best develop value-added solutions.

MISSION

OUR MISSION DECLARES OUR PURPOSE AND SETS THE STANDARD FOR HOW WE OPERATE.

Passion

We let our passion live out through our work.

Serve

We strive to act and serve others to the best of our ability.

Inspire

We inspire others to work towards their dreams and goals.

VISION

WE ARE DRIVEN BY OUR VISION, WHICH PROVIDES THE FRAMEWORK OF OUR OPERATIONS

People

Be a company that people want to be a part of.

Product

Provide the best experience and highest quality products for our customers.

Commitment

Do everything with a strong emotion and intent.

VALUES

OUR VALUES SERVE AS THE CORE OF OUR PEOPLE

Perseverance

Push to achieve your goals even when you face challenges or uncertainties.

Leadership

Position yourself to influence others to work towards a common goal.

Accountability

Each individual is held accountable for his/her own actions.

Autonomy

Complete your work with well informed, uncoerced decisions on your own.

Integrity

Be genuine and honest in your work by always doing the right thing.

TGS Precision provides high-quality superior solutions to our customers through our design, engineering, manufacturing, and support processes. Our solution focused team always strives to serve our customers to their complete satisfaction with the utmost integrity. For each of our capabilities, we work with our customers individually to understand their unique machining needs to offer value-added solutions to their project goals

Engineering Consultation

- Product Design and Manufacturing
- Value Added Engineering

CNC

- CNC Milling - (2 to 5 axis capabilities)
- CNC Turning - (2 & 3 axis with live tooling an dual spindle capabilities)
- Wire EDM

Fabrication

- Laser Cutting with Automation
- Laser Cutting
- Press Brake - Bending
- Tube Bending
- Tube Laser

Logistics

- Packing Solutions
- Kitting Solutions
- Assembly

Welding

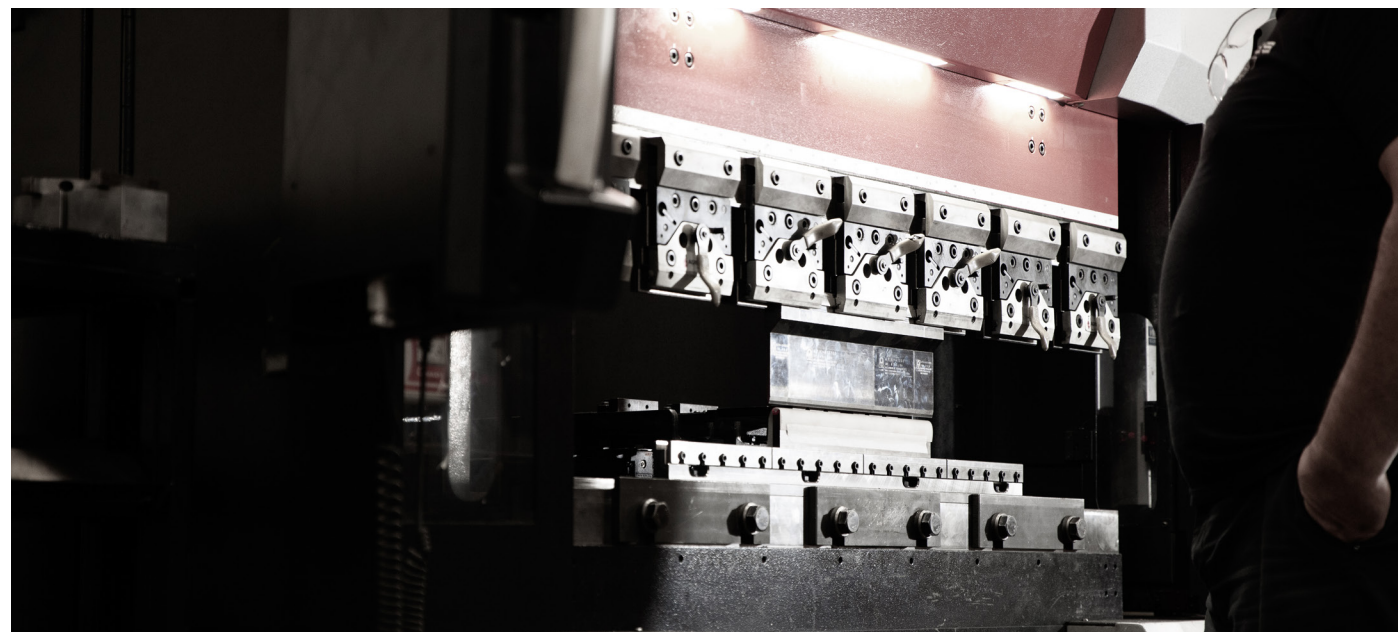

- GMAW/MIG Welding Capabilities
- GTAW/TIG Welding Capabilities
- Welding

Surfacing / Finishing

- Surface Grinding
- Surface Finish Blasting
- Lapping
- Powder Coating

Other Capabilities

- Automatic Sawing
- Rapid Tapping
- R&D Prototyping
- Rapid Prototyping (coming soon)

EQUIPMENT

Our equipment is intentionally selected to serve our customer's needs by delivering endless manufacturing capabilities and offering extended capacities. To provide the best service for our customers, we invest in new equipment to guarantee we are working with our industry's leading technology. In return, we are able to offer value-added solutions and high-quality products. To maximize utility, we can fully utilize our equipment lineup to perform projects of any size.

HAAS Automation

- VF2 (Qty. 8)
- VF- 3 (Qty. 1)
- ST- 10 Lathe (Qty. 2)
- ST- 20 Lathe (Qty.1)
- ST- 25 Lathe (Qty.1)
- DS- 30Y Lathe (Qty. 1)
- VF- 4 (Qty. 1)
- VF- 6 (Qty. 1)
- UMC - 500 (Qty. 1)
- DM 2 (Qty. 1)
- VF2- SS (Qty. 3)

Amada

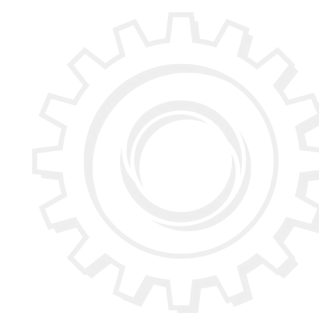

- Laser Cutting with Automation
- Laser Cutting
- Press Break

Mitsubishi | Cosen

- EDM (Qty. 1) - Mitsubishi
- Saw (Qty. 2) - Cosen

Other Equipment

- Lapping Machine (Qty. 1)
- Weld (Qty. 2)
- Blast (Qty. 2)
- BLM Tube Laser (Qty. 1)
- Surface Grinder (Qty. 2)
- Costa Deburring (Qty. 1)

CAPACITY

FACILITY EQUIPMENT

We carefully select our equipment to serve our customer's capacity and design needs. We have more than 40 machines in our facility that have each been selected to handle customer projects that may need assembly solutions, fabrication, finishing, milling, sawing, or turning. We pride ourselves on being a start to finish facility that can handle projects of any size. We are constantly evaluating our equipment lineup and adding additional pieces as necessary to make sure we provide you the value you deserve.

QUICK SPECS:

- 128,000 SQ FT OF MANUFACTURING SPACE
- 18+ ACRE PROPERTY
- 175+ EMPLOYEES WHO ARE DEDICATED AND PROFESSIONAL

FACILITY CAPABILITIES

We work with each customer individually to provide high-quality, superior solutions to their project needs. We offer many services, including CNC machining, sheet metal work, finishing and surfacing, logistical solutions, engineering consultancy, and more. With our team of highly experienced and capable engineers, we look to add value to your products, which ultimately can lead to cost savings. Our team is knowledgeable and passionate about delivering an end product that exceeds your expectations, all the while bringing you additional value-added services along the way.

INDUSTRIES

TGS Precision currently services a variety of different industries, including those in food service, marine, DoD, automotive, and fitness. With our team's combined expertise and consultative approach, we are able to work with customers in any industry.

TOP CUSTOMERS

Our top customers are some of the most recognizable companies in their industries.

- PepsiCo
- Frito-Lay
- Disney
- Arsenal Strength
- Marine Access Corporation

HIGHLIGHTED PROJECTS

ARSENAL STRENGTH

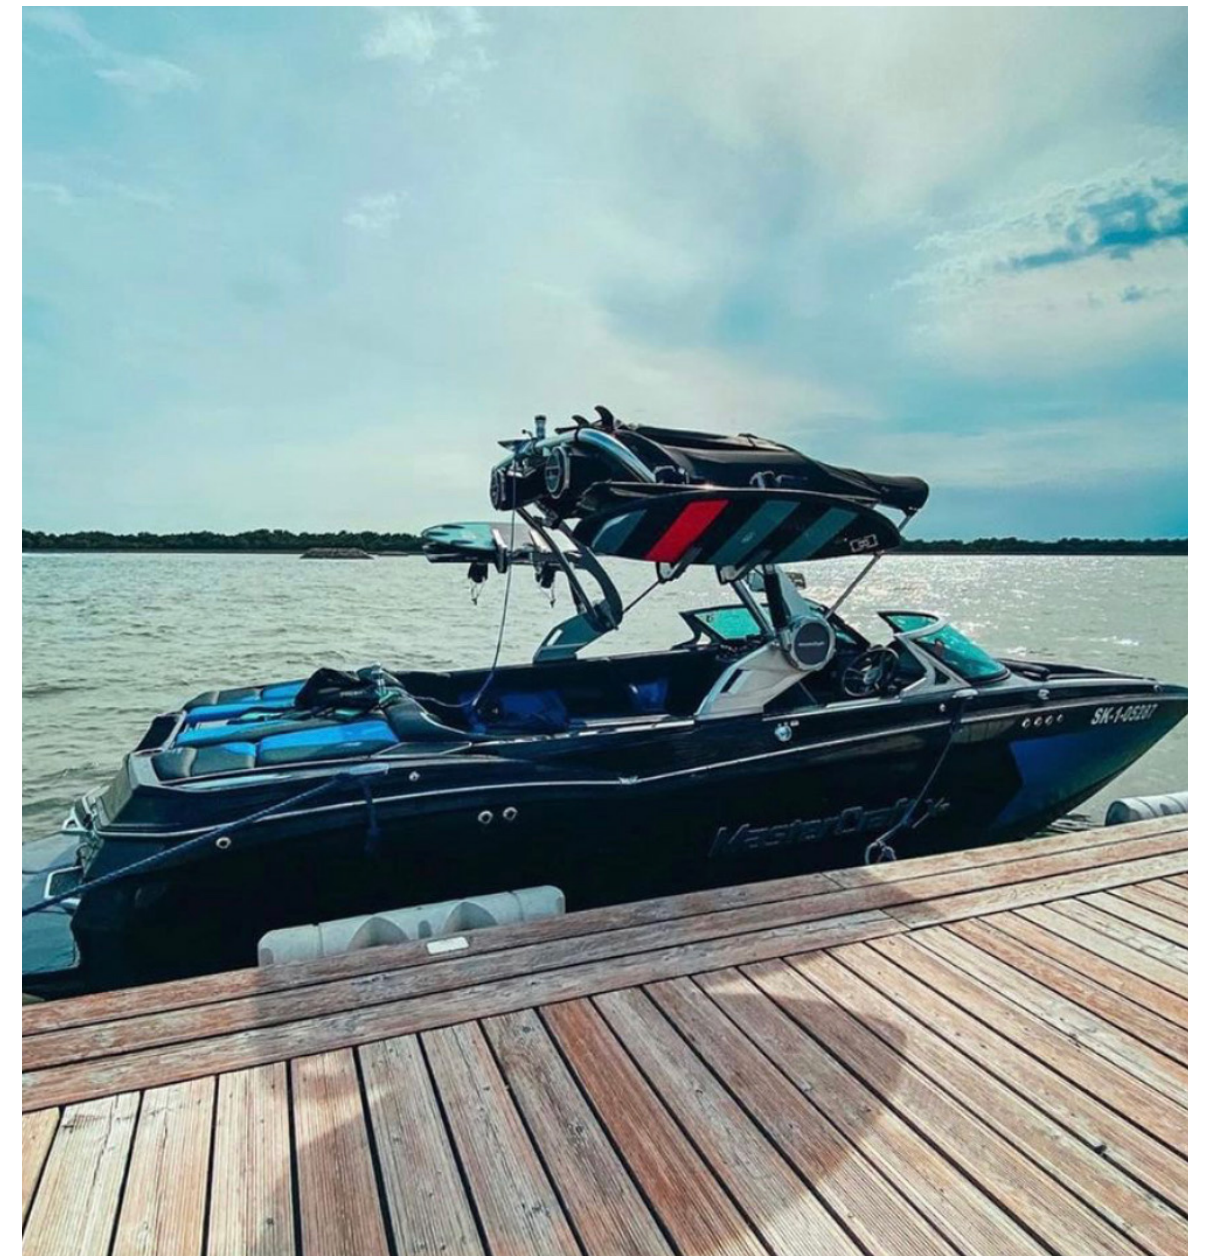

DISNEY

OUTPUT

SUPRA BOATS

MASTER CRAFT

THANK YOU

While leaning on our expertise and understanding how to add value through our engineering process, we are able to provide you with superior service and an end product that surpasses your goals. We have decades of experience across multiple industries to offer innovative solutions for every business.

We are so incredibly thankful for each of our customers. We could never let our passion live out through our work without you, and we appreciate you putting your trust in TGS Precision. As we continue to push the boundaries of our capabilities, we promise to continue committing ourselves to delivering the best engineering and manufacturing solutions in the market.
